#### **Services Provided**

Prairie Center Metropolitan District No. 3 (District) is a quasi-municipal corporation located within Adams County, Colorado and is governed pursuant to the provisions of the Colorado Special District Act (Title 32, Article 1, Colorado Revised Statutes). The District was organized in June 2006, concurrently with Prairie Center Metropolitan District Nos. 4 – 10, pursuant to their Service Plans, all of which were approved by the City of Brighton (City), Colorado on February 21, 2006, and by orders and decrees issued by the District Court in and for Adams County, Colorado, and as modified on November 13, 2006. Prairie Center Metropolitan Districts Nos. 1 and 2 (respectively, District No. 1 and District No. 2) were organized prior to the establishment of the District and have proceeded with development and construction of public improvements. In order to increase development flexibility and to avoid unfairly burdening existing development with the costs of public infrastructure required in future phases, District Nos. 3 – 10 were formed and several inclusions and exclusions of property were completed to generally locate properties in the Initial Planned Development planned for commercial/retail uses in District No. 4 and properties in the Initial Planned Development planned for residential uses in District No. 5. Subsequent to the formation of the District, the obligations of District No. 1 and District No. 2 were assumed by the District as were the assets constructed by those Districts.

The District was established to provide financing for the design, acquisition, installation, construction and completion of public improvements and services, including streets, transportation, drainage improvements, traffic and safety controls, park and recreation facilities, water, sewer, television relay and translators and mosquito and pest control services. The District is authorized to operate and maintain any improvements not otherwise conveyed to the City or other entities.

During elections held on May 2, 2006, a majority of the District's electors authorized general obligation indebtedness of \$6,790,000,000, for the above listed facilities, intergovernmental agreements and debt refunding. Additionally, on May 2, 2006, the District's voters authorized the District to collect, retain anspend all revenues in excess of TABOR spending, revenue raising or other limitations.

The Service Plans for District Nos. 2 - 10 limit the aggregate amount of debt that they may issue together with any debt issued by District No. 1 to \$750,000,000.

The District prepares its budget on the modified accrual basis of accounting in accordance with the requirements of Colorado Revised Statutes C.R.S. 29-1-105 using its best estimates as of the date of the budget hearing. These estimates are based on expected conditions and its expected course of actions. The assumptions disclosed herein are those that the District believes are significant to the budget. There will usually be differences between the budget and actual results, because events and circumstances frequently do not occur as expected, and those differences may be material.

#### Revenues

### **Credit Public Improvement Fees (Credit PIF)**

A Comprehensive Agreement, entered into with the City of Brighton and other parties, allows the District to collect 1.25% Credit PIF, for which the City grants a credit against the municipal sales and use taxes that would otherwise be payable on sales and use tax transactions, for use towards Primary Public Improvements (PPI). Primary Public Improvements include major and minor arterial streets and related landscaping and trails, traffic signals, certain potable and non-potable water distribution lines, regional/community/neighborhood parks, trails, and open spaces. The maximum amount of PPI costs ("Cap Amount") that the District can finance from the Credit PIF is approximately \$146 million.

### Add-On Public Improvement Fees (Add-on PIF)

The Comprehensive Agreement also allows the District to collect 1% Add-On PIF to finance any other District Public Improvements.

#### Interest Income

Investment earned on the District's available funds has been estimated based on historical interest earnings.

### Transfers from Prairie Center Metropolitan District Nos. 1, 4, 5, and 10

Pursuant to a Capital Pledge Agreement with Prairie Center Metropolitan District Nos. 4 and 5 (Taxing Districts), the District will receive property taxes and specific ownership taxes collected by the Taxing Districts. The debt service tax revenues to be transferred from District Nos. 4 and 5 are pledged for the payment of principal and interest on bonds issued by the District. Further, pursuant to a Facilities Funding, Construction and Operations Agreement entered into by all Prairie Center Districts, District Nos. 4, 5 and 10 are obligated to remit to the District the tax revenues derived from Operation and Maintenance mill levy they imposed on properties within their respective Districts. The Operation and Maintenance tax revenues received by the District from District Nos. 4, 5 and 10 will be used to pay administrative expenditures incurred by all Districts. District No. 1 will transfer its property and specific ownership tax revenues, net of its own administrative expenditures, to District No. 3's General Fund as consideration for the benefits derived from the public improvements constructed, operated and maintained by District No. 3 which benefit the service area of District No. 1.

### **City Reimbursement**

Pursuant to an intergovernmental agreement with the City of Brighton, the District is to be reimbursed for Outfall Channel Improvements. According to the Agreement, the District's costs for the design, financing and construction of the stormwater improvements are to be reimbursed by the City for certain stormwater impact fees.

#### Revenues - (continued)

### **Shared Sales Tax Increment**

Pursuant to the Cooperation Agreement between the District, the City, and Brighton Urban Renewal Authority (Authority), collectively "the Parties", if the taxable retail sales within the District are at least equal to \$150 million (but less than \$200 million) in any given calendar year, then the City shall be obligated to transfer to the Authority the applicable allocated increment amount which would be equal to 30% of the General Fund Sales Tax Incremental Revenues received by the City in that year, after the deduction of the City's General Fund Sales Tax Base Amount and the appropriate share of costs and expenses. The Parties agree that no later than February 20 of each calendar year, the Authority shall remit to the District the allocated increment amount received by the Authority from the City.

#### **Expenditures**

### **General, Administrative and Operating Expenditures**

General and administrative expenditures include the estimated costs of services necessary to maintain the District's administrative viability such as legal, management, accounting, insurance and other administrative expenses. Estimated expenditures related to street repairs and maintenance, street lights, street sweeping, landscaping, mowing, parks and open space maintenance, utilities and snow removal were also included the General Fund budget.

### **Capital Outlay**

The District anticipates infrastructure improvements during 2021 as reflected in the Capital Projects Fund.

### **Debt Service**

Principal and interest payments are provided based on the debt amortization schedule from the Series 2017A and 2017B Limited Property Tax Supported Revenue Bonds. A debt amortization schedule for Series 2018 Bonds has not been provided as additional principal is being paid, in increments of \$5,000, based on excess funds available over the current interest due. Additionally, the District anticipates to pay a portion of the accrued interest on the Series 2007 Subordinate Bonds based on the amount of funds available; therefore, a scheduled amortization has not been included in the budget.

### **Debt and Leases**

In June 2007, the District issued Series 2007A Subordinate and Series 2007B Subordinate Bonds in the total amount of \$43,515,000. The Bonds are special limited obligations of the District secured by and payable from the pledged revenues, subject in all respects to the prior lien in favor of the Senior Bonds. The Series 2007A Subordinate Bonds, in the amount of \$40,610,000, are term bonds due on December 15, 2031, at an interest rate of 9.50%. The Series 2007B Subordinate Bonds, in the amount of \$2,905,000, are term bonds due December 15, 2031, at an interest rate of 8.75% through December 14, 2007, and 9.50% thereafter. A portion of the Series 2007A and 2007B were refunded on October 26, 2017 with the Series 2017 Bond issuance discussed below.

### **Debt and Leases - (continued)**
